Enrollment Reporting Service

The Clearinghouse **provides enrollment status** and deferment information for financial aid students on behalf of its participating institutions to **guarantee agencies, lenders, servicers, and the Department of Education.**

The data that is provided on your enrollment files and uploaded in our database also drives other services that schools participate in, such as Student Tracker, Myhub, Verifications, etc.

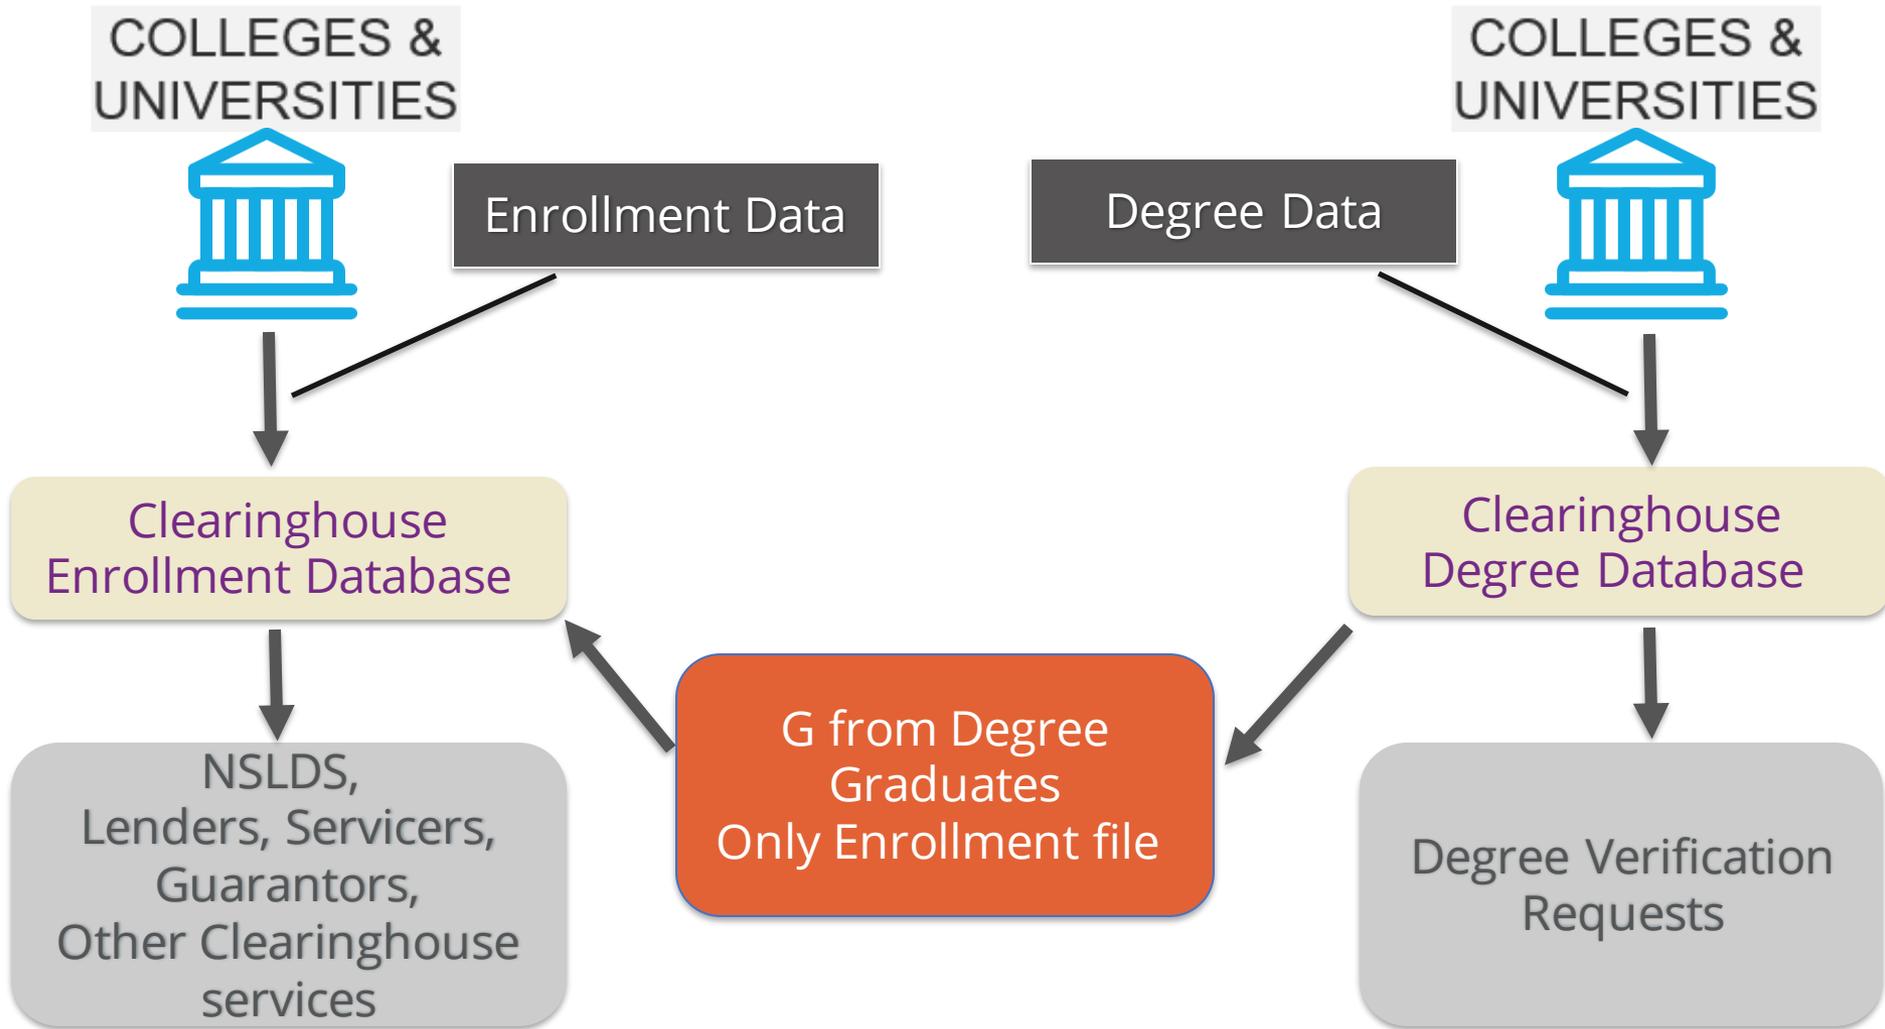

Timely Reporting

- The Department of Education (ED)/National Student Loan Data System (NSLDS) requires institutions to certify all federal aid recipients at least every two months.
- Enrollment status changes should be reported to the Clearinghouse as swiftly as possible because...
 - The ED requires Status changes be sent to the NSLDS within 60 days of the Date of Determination

Reporting Separation Statuses to Clearinghouse

- Enrollment Reporting files for the Term
- Graduates Only Enrollment files
- Student Look-up on the secure website
- **The G from Degree file process**

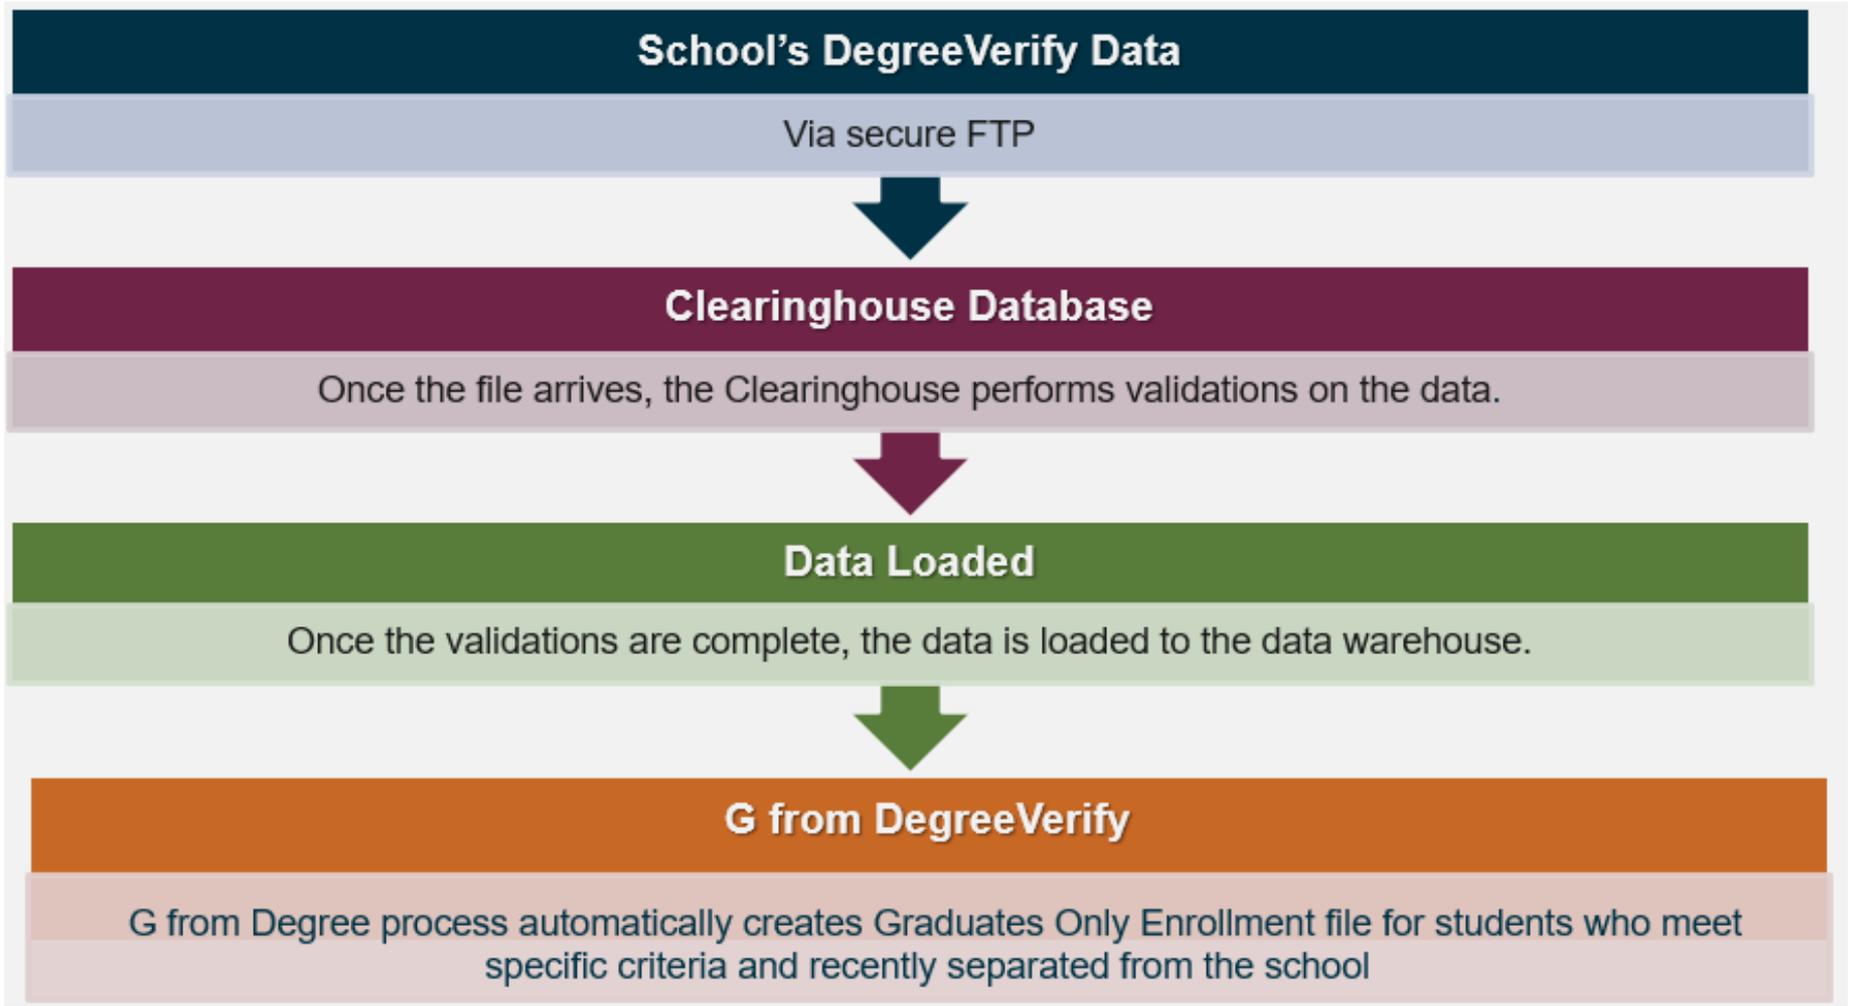

Degree vs. Enrollment Databases

What is G from Degree?

- G from Degree is an optional, no-cost function for DegreeVerify participating institutions
- Used to assist in capturing a Graduated (G) Status on students' enrollment records
 - Can be sent to the NSLDS, lenders, servicers, and guarantors for eligible students
- Auto generated Graduates Only Enrollment file:
 - Uses data included in the DegreeVerify submission that is a definitive match to prior enrollment history and meets G from DV criteria
- Recommended to use G from DV as a supplemental back up

G from DV FAQs

G from DV FAQs

What is G from DV?

G from DV is an optional, no-cost add-on service offered to schools that participate in Enrollment Reporting and DegreeVerify, which can assist you in reporting your students who have graduated. G from DV is a Graduates Only enrollment file the Clearinghouse creates on behalf of your school based off of the data included in your DegreeVerify submission. G from DV is also referred to as G from DegreeVerify or G from Degree.

After the DegreeVerify file is loaded into our degree verification database and the G from DV function criteria is met¹, the system will generate a G from DV enrollment file. The Graduated status from the degree records is applied to the student's enrollment record and can be used to report to the National Student Loan Data System (NSLDS) and participating lenders, servicers and guarantors for compliance reporting and student loan servicing purposes.

There are specific limitations regarding when a Graduated status is included in a G from DV file. Through our transparency enhancement, your school can view a list of the Graduated records from your DegreeVerify file that were applied to the student's enrollment record and which records were not applied.

Effective February 2019, the G from DV process enables Graduated enrollment statuses to be generated from a DegreeVerify file that contains the College Student ID (CSID) only and no Social Security number.

¹ For the G from Degree process, these are the criteria that typically yield a corresponding Graduated, "G," enrollment status code being

Best Practices for Reporting G Statuses

Submit students via the Clearinghouse's Preferred Ways to Report Graduates:

- Regular scheduled Enrollment files
- School submitted Graduates Only Enrollment file

DegreeVerify files should still be submitted to:

- Capture degree records
- Generate G from DV files as a supplemental back up

Enrollment Reporting Best Practices

- Submit on time and in sync with your submission schedule and transmission type.
- Report Graduated “G” statuses at campus AND program levels (as appropriate) as degree audits are completed.
- Continue to report until all Graduated students have been reported.
- Subscribe to the Compliance Central blog to keep up to date with the latest compliance information from our Data Excellence & Operations.
- Contact SchoolOps@studentclearinghouse.org or 1.703.742.4880 with any questions related to enrollment reporting.
